

Snake in the Grass (Hearts and Arrows 2) (Good god series)

18+ The truth changes everything. Its round two of high stakes Love Connection on Olympus, and this time, everything has changed. Ares is on deck, and Aphrodite is nervous, because as much as she loves to hook up with him, she doesnt trust him as far as she could throw him, which isnt very far. She never could resist him, not even when every part of her screamed that he was a liar, but after the last game, shes seeing things in a new light, light that has cast shadows across her entire life. Ares has a plan to keep Aphrodite, for good this time. He wants to win the game, but hell hold back, if thats what it takes. Hes sitting on a chance that was thousands of years in the making, and hell do what he has to do to convince her to stay forever. The only thing that could stop him is the secret that hes been keeping for eons. If she finds out, it will destroy everything. Aphrodite picks Kat, a gun toting drag racer, and Ares decides on Dillon, a badass boxer who never loses. Both of their lives revolve around keeping their siblings safe, and theyve sacrificed everything to make sure things stay that way. They are tough and loyal, fierce and determined, but they become each others weakness, even though they fight it, and even though it means danger for Kat and her sister.
