

Cassidy Lane

From the author who brought us the unforgettable Waverly Bryson and the best-selling Perfect on Paper series. Best-selling author Cassidy Lane walks into her 20th high school reunion with several novels under her belt, but no date on her arm, and deep down she still feels like the smart girl no one asked to the prom. Then handsome Brandon Forrester confesses his teenage crush, and soon Cassidy finds herself swept up in a modern-day fairytale romance not unlike the tales she spins for a living. While their relationship blossoms, however, the new book shes writing isnt going as well, and for the first time in her career she considers crafting an ending that doesnt end with a proverbial walk into the sunset. Contemplating the simultaneous reversal of her own romantic fortune and that of her protagonists is daunting, but maybe its time for both her writing and her personal life to take a new path. Or is it? Filled with Murnanes trademark wit and optimism, a charming cast of secondary characters, and loads of heart, Cassidy Lane will have you cheering for its heroine down to the very last delightful word.
