

After We Break: (a standalone novel)

~ It is heartbreaking to read the story of their separation, two people who never got over each other no matter the involvements in between...and swooningly, gorgeously romantic to see them working their way back to each other through poem and song. --LeeAnn, Goodreads reviewer and bookseller She was the girl. The only girl. The only girl I ever wanted. The only girl I ever loved. The only girl I could ever love. And I killed it. I destroyed it. I threw her love away. For nine years, I've kept the memory of her locked in the deepest corner of my heart...all the while hating myself for what I did to her. To us. Now, without warning, she's walked back into my life. I'm covered in tats. She's covered in Polo. I write heavy metal songs. She writes chick-lit. My eyes are angry. Her eyes are sad. I still long for her with every fiber of my being. But I have no idea if she feels the same. I guess it's time to find out.
