The Sixth Book in the USA Today Bestselling Darkness Series Try the first book, Into the Darkness, for free. In the wake of ridding their territory of a menace, Sasha has only one pressing duty left: find more human magic workers. And while it is undoubtedly important on some grand scale, the task is, in itself, surprisingly uneventful. That is, until a strange predator takes an interest in her and Charles on their trek home one evening. In the space of twenty-four hours Sashas life goes from mundane to being stalked and threatened. A new shifter has moved into town, and if the whispered rumors are to be believed, something even more sinister is lurking behind, watching and waiting for the right moment to spring. But that isnt the only element that turns Sashas life upside down. She has one hell of a secret that will change her and Stefans life forever.
