

Volume 4 of the Sweet Harmony series! Juliet Davies - the next hottest thing in the music world. Shes smart, shes sexy, shes a full-blown Rock Star. The tension mounts between Juliet, Ben, and Jesse as the three finish working together on Juliet's album. Jesse's intentions toward Juliet become more solid (and hot!), leading the two toward each other until there's no turning back... Meanwhile, Ben discovers that his intentions toward Juliet are far more intense and lasting than he had previously believed, and Juliet is awash in the attention she is receiving from both men, her curiosity overwhelming her. Could she really be falling for both men at the same time?? And, despite how naughty that sounds, she starts to think that exploring both men actually be a good thing... But now Juliet has to come to a decision about whether she is going to pursue a relationship with Ben or Jesse—or neither. Compounding her decision is the fact that, though she is unaware of it, Ben knows exactly what she's been up to with his cousin, and has determined that he is going to do everything in his power to make her see that he's the one she should end up with. Who will she choose?? Find out in this thrilling conclusion! Rock and Roll, Fiery Friendships, and Spicy Sex. Also Available: Sweet Harmony: The Complete Collection Praise for Sweet Harmony: I enjoyed this quite a bit. It's fun and sexy, and I'm always a fan of a story where the girl has not one, but two smoking hot guys eating out of her hand. The music industry isn't the only thing Juliet sets on fire in this story. There are some incredibly hot scenes in here and the chemistry between the characters just about burns up the pages. The story itself is well written as well, so you get steam with a theme.
