

Power of the Fae (The Mirrored Prophecy Book 1)

The Ancients spoke of a Mirrored Prophecy that would determine the future. One version of the prophecy spoke of a small female of mixed heritage giving birth to a child that will save mankind. The other side of the prophecy spoke of the females child being the demise of the world. The Princess of the Light Fae, Arlina Waldmar, may be small but she is deadly. She is a member of the elite Guardians of the Fae. She has been given the assignment of going to the human realm to investigate the vanishing supernaturals. Colin MacKenzie, Alpha wolf, has determined that finding a mate is not in his future. His people are vanishing. He will need to lead his Legion, defenders of werewolves to find them. His wolf has recognized a certain dark haired Faery Princess to be his mate, but he refuses to claim her. There is an evil set on destroying the Human and Faery realms. Colin and Arlina must work together to defeat this evil. His thoughts are constantly on Arlina. Arlina knows there is no fighting the attraction between them. Can she convince him to give them a chance before its too late?
