

Conviction

She was mine. Our love, unquestioned. Our futures planned. But she didnt show. All that we had, all that we meant, and after all that was said, she just didnt show. That one act changed everything, but it especially changed me and from that moment on, there was no going back. No words of love, no whispered promises, just sex and drugs and rock and roll. No one gets a piece of Reed, but what they will get is the night of their life, the chance to let go, break their own rules and enjoy the best, the dirtiest, filthiest sex ever... along with the other four people in my bed. I thought he loved me, I believed everything he said, every promise that he made but then, when I needed him more than Id needed anyone in my life, and when I was at my most vulnerable, he let me down. He chose to take a different path and leave me to pick up the pieces of my now broken life. I was changed forever and chose the easy option letting others take charge of my destiny, until, once again, Im let down in the cruellest of ways. Dirty filthy sex. Love. Heartbreak. Betrayal. High emotion and angst. Everything and more that you would expect from a Lesley Jones novel.
