

Remember When 2: The Sequel

You know how sometimes, your high school crush grows up to be an insanely famous movie star? Okay, probably not. But I do. Back in high school, Trip Wileys fanbase only encompassed the denizens of the nothing little suburb of Norman, New Jersey. Ten years later, all that is about to change. In the summer of 2000, Layla Warren is enjoying her career as a journalist in New York City (well, sort of), while Trip spends most of his time grabbing Hollywood by the balls. In the days before what will turn out to be his skyrocketing fame, they'll find themselves confronted with some life-altering choices.
