

Tainted Pearl: A Rock Star Prequel

Lust at first sight has never been a problem for Doug Fraser before, but something about Bidy OMara screams hands off. Except the private, mysterious musician is also the sexiest, most captivating woman hes ever crammed into close quarters with. Bidy cant afford any distractions while on a month long eco-activism island adventure. The rock star is incognito for a very good cause, but the irresistible camera operator quickly proves a big, bad complication. A fling is inevitable. But Dougs not relationship material, and the more he gets to know Bidy, the more he realizes shes the type of girl you take home to meet your mother--even if you dont know all her secrets.
