

Bedeviled (Queen of the Otherworld Book 1)

Bedeviled, a *faerie* funny paranormal from bestselling author Maureen Child... Never again will Maggie Donovan complain that her life is boring. Boring sounds pretty good compared to man-eating demons, an ill-tempered pixie, and a way-too-sexy Fae warrior who insists that Maggie is destined to claim the throne - or die trying. One breath of faery dust, and suddenly Maggie's dealing with Otherworld powers she never wanted, and very earthy feelings for a certain immortal.
