

## Adult Vampire Romance: Chance for Blood (paranormal shifter romance) (New adult vampire shapeshifter short stories)

April has lived a hard life. From foster care to a parade of Mr. Wrongs she has been used and abused by too many men. When her current boyfriend leaves her for someone else, and she loses her job, she wonders if staying alive is worth the trouble. A chance encounter with a stranger, and a terrible accident that should have killed her changes April's world forever. In the course of a single night she is transformed by Kieran from victim to predator, and she finds resources of strength that allow her to go on, to grow and change, and become whole again despite the odds against her. But April still believes in love, and when she falls for Kieran and they consummate her hidden passion in a night of wild abandon, she has to ask herself how she can go on sharing a life with him without telling him how she feels. Has she made another terrible mistake, loving a man who doesn't believe in love? Or can April's love for him open Kieran's heart to the possibility of happiness together? Warning! This ebook contains explicit scenes of passion and desire. For adult eyes only!!!
