

Tin

Men and I are done. Whatever entertaining notions I enjoy while screwing around with the random guys that cross my path, are exactly that. Entertaining. I dont want more. Im not capable of more. More would mean feeling. Would entail wanting. Desiring. And a slew of other emotions I havent experienced in over three years. And its not due to any stupid naive intention of trying to keep my heart from breaking, nor is it as a result of having it broken by some poor slob who should have known better. I cant feel. I dont have a heart. Period. And its going to take more than following some magic yellow brick road to get me a new one. Even if that road does lead straight to Riker ~ The only soul on earth whos as close to being dead as I am... and brings me as close to being alive as Ill ever be. *****Warning - This story contains adult material and possible emotional triggers for readers with a history of abuse*****

Tin - Element information, properties and uses Periodic Table TIN provides a facility to the tax payers to enquire about the status of their challans over the internet.
