

Tomorrows Lies: Promises #1 (Volume 1)

When todays promises become tomorrows lies, how can you believe in anything ... or anyone? Jaynie Cumberland has no idea how to trust again, so shes given up on trying. Dumped in to the state foster care system at age fourteen, Jaynie spent three years treading water, just trying to get by. Still, Jaynie always knew she was broken in some way. After all, why did her own mother abandon her? And following a harrowing experience at her first foster home, Jaynies worst fears are confirmed, leaving her feeling worthless and shattered. Now Jaynie counts the days till she turns eighteen and can go out on her own. All she wants is to be free of everyone and everything. But before that can happen, she must make it through the next few months at one final foster home. There Jaynie meets a gorgeous, albeit rough-around-the-edges, boy who is dealing with the repercussions of his own turbulent past. Flynn O'Neill is immediately taken with this new, fragile girl. He becomes determined to show Jaynie there is more to life than hurt and pain. Unfortunately, this new home they live in, one that promised to be a haven for unwanted kids, is more like a living hell. So what do you do when youre trapped and theres no way out? What if you fall in love and protecting the other person becomes the most important thing in your life? What if something unthinkable happens, testing your love, and the stakes are raised higher than ever? Will you come out unscathed? Can todays promises be kept? Or will they simply become more of tomorrows lies? Tomorrows Lies is a beautiful story of an all-consuming love and broken people building a family out of nothing. Its about never giving up, even in the face of adversity. New Adult/Coming of Age Romance NO cliffhanger!
