

Sweat Equity (Stewart Realty Book 2)

Jack Gordon thought he'd finally made it. He had a wildly successful career, money in the bank and even returned to his life as Dom, putting an end to a string of unfulfilling sexual encounters. Now that he's made the ultimate commitment to Sara Thornton, he believes all is right in their world. However, a series of misunderstandings and a dose of self-fulfilling prophecy bring his perfectly crafted house of cards tumbling down around him, forcing him to confront lingering misgivings about marriage and trust. Could those be the only two things he can never achieve? Sara struggles with her intense need for Jack and her desire for less volatility in her busy life, two goals which appear to be mutually exclusive. Although willing to put in the time and emotional effort to make their relationship work, she finds it futile and frustrating, littered with clashes thanks to near-identical personalities and temperaments. Given Sara's history, easing back into the comfortable status quo becomes easier than fighting a war with the one person who should be her safe haven. But will the easier choice satisfy her the way only Jack can? Is her war one that comes from without or within? Buffeted by circumstance, temptation and distraction, Jack and Sara's tenuous relationship crumbles, sparking a continuous quest for the ever elusive: trust, love and acceptance. By the time they rebuild a foundation for renewal, fate has other plans. This leaves them both reeling, once again questioning their destiny.
