

The Pride Law Collection

The Secret Sunnys secret will shake the foundations of the shape-shifting world. Werelion Carlos Rivera, werewolf Declan Roberts, and human hunter Sunny Nolan are behind enemy lines in south Florida. Its a straightforward mission: track down both a possible rogue werewolf and Sunnys missing twin sister, Jaz. But the straightforward mission gets complicated when both men claim Sunny, and each other. And lions and wolves can be an explosive combination. All Sunny wants is to rescue her sister, get to know her mates better, and escape the Society unscathed to return to a simpler life. But simple is not in the cards. Sunny and Jaz share a secret that will shake the very foundations of the shape-shifting world, and neither the Society, nor Sunnys mates, will approve... The Return Two men. One woman. Sex that sets their worlds ablaze. Jaz Nolan has problems and she knows it. As one of a handful of rare female shifters, her favors are in demand, and she already knows who her two mates are--Asa and Fisher, a werewolf and a werelion. But after escaping captivity and torture, shes spent weeks battling her fears, and shes still feeling a bit suspicious. Skittish. Nervous. After working with her therapist, shes ready to move on and put all that behind her. Now its time to take care of business. Item one: Claim Asa for her own, the werewolf and mate who came to her rescue. The wolf who makes her imagine a future untainted by the past. Item two: Deal with Fisher, her second mate, the werelion who betrayed her and Asa in ways shes not sure she can forgive. Item three: Find the monster who kidnapped her and make him pay... The Alliance Switching loyalties isnt nearly as hard as losing her heart. Morgan is one of the last remaining members of a once-proud lion pride. Orphaned at a young age, she and her brother, the prides rightful king, have fought long and hard to keep whats theirs.

But with their territory slipping away and an enemy at the gates, they're forced to seek sanctuary--and an alliance--with the Savannah, Georgia pride. The last pride Morgan wants to deal with. Long ago, she'd shunned the king and his second--Isaac and Davis--and fled their pack after realizing they were her mates. Isaac and Davis have spent ten years looking for the mate who'd left them, never imagining she was the daughter of another pride's king. When fate drops her on their doorstep seeking help, they have no intention of letting her go again. But she's fearful and suspicious, and she doesn't seem to want to offer them her loyalty. Will helping her ravaged pride help them earn her trust--and her heart?
