Raine Taylor has one goal justice for her murdered sister. She knows Genies husband strangled her and left her in an alley Peter had been threatening to kill his wife for years. The police said there was no proof Peter Northrup killed Genie. So it was up to Raine to make him pay. When Detective Connor Donovan answers a call about a trespasser outside Northrups house, he finds a woman running down the street. When he tries to stop her, hes left holding her hoodie as she strikes out like a ninja then vanishes like smoke. Connor quickly realizes Raine is his mysterious trespasser. Now he has to figure out why she was outside Northrups house at three A.M. Raine isnt his usual criminal shes a schoolteacher who coaches a tae-kwon-do team of under-privileged girls. And hes wildly attracted to her. Raine needs to stay away from Connor. She has a plan to deal with Northrup, and she cant get involved with a cop. But like two magnets drawing together, she cant resist him. Can Connor help her find justice for Genie? Or will her sisters killer claim another victim before they can stop him?
