

## Dark Tide Rising

Depend on a man? Never! Emily McAllister wants nothing more than to control her own life, but when a vision of her best friends murder grips her, Emily's forced to put her trust in the straight-laced sergeant responsible for closing the case. The police believe the drowning was accidental but Emily, haunted by dreams of the killer, knows better. Police sergeant Mark Thurgood is interested in facts, not premonitions, and hes tried to steer clear of the ocean since rescuing two lives from its icy clutches. But when danger threatens the free-spirited Emily, hes determined to stay by her side. It isnt until Emily finally begins to trust Mark that she realizes her reaction to him may be more than physical attraction. But when a detail emerges from the murky veil of her dreams she questions if the man shes fallen for is actually a killer.
