

The Jealousy Game: a gripping film-star romantic suspense (Hot Set Book 2)

Wow! I love the battle of wits between these two very different women. I couldn't put this down. Beth Boyd Full of passion, envy, love and hate. A really romantic suspense story Melissa Bond Really enjoyed this book and did I say it was HOT? I started and finished it in one sitting, too good to set down. A. A/ Praise for Playing with Fidelity: Intriguing, engaging and hard to put down! Fantastic story and likeable characters. Loved it and can't wait for a sequel!!! Bluebug Hot Set is a brilliantly addictive read - its sumptuously descriptive, intriguing, uber-sexy and it hits a nice balance between playful humour and dark emotion. Northe's characters are instantly relatable, which is no easy feat considering the superficial Hollywood world they inhabit. I highly recommend it and am tapping my foot impatiently for Part 2 to be released! Miss Daisy I bought this e-book wanting something light and easy to read while doing overnight feeds with a baby. What began as something to entertain in 30 minute stints quickly became totally engrossing and I was unable to put it down. I absolutely loved that each character was so beautifully evolved and I really enjoyed the sub-plot story line involving Amelia. Its rare to find a chick lit book that delves into secondary characters so well. I had

goose bumps near the end of the book and I cant wait to buy the sequel to find out where this story leads. - mwanddb Hot Set oozes passion. If I could I would pre-order the sequel now. Beth Boyd (Bestselling author of Love) Sumptuous summer reading. A delightful setting. Ann Abrams (Author of Mobius)
