

Feverish

Book 3 in the Bullet series (however, book can be read as a stand alone!) To be loved by the good guy To be f**ked by the bad boy Hell make you FEVERISH either way

Clayton Jet Smith has enjoyed acting the part of rock star god / incorrigible bad boy since his breakup with rock goddess Valerie Quinn. Hes racking up quite a score playing the field, and he has no plans to settle down anytime soon. His biggest problem these days is meeting his obligations. Hes so busy having fun, he forgets the important things. To help him out, he hires recent graduate Emily Brinkman to be his personal assistant, and he quickly finds a fire burning in his belly for her. There are two problems, however. The first is that Emily is engaged to be married, a fact that leaves Jet unfazed. The second problem isnt so easy to surmount, though: Emily is disgusted and unimpressed by both sides of the man. Will Clay find a way to persuade Emily to try him out, not just for one night, but for all time? Feverish moves the Bullet story forward, but the book can be read as a stand alone title. You dont want to miss this one!
