

Open Wheel (Racing on the Edge Book 9)

(Authors Note: This book is part of the Racing on the Edge Series but it can be read as a stand alone novel) How do you choose? How do you keep from hurting the ones you love when you know your heart belongs with both of them? Seven years ago Arie Riley married Easton Levi, current heart-throb of the NASCAR Cup series. She made a commitment to him. She gave her heart and soul to another. Her love is heavy. Consuming. And its inherently tied to two people. Arie thought she had made her mind up. She chose that Darlington-determined boy that wouldnt let her forget he was more than just a Midwestern-wheeler searching for the spotlight. When Arie is offered a job with the World Racing Group, she thinks this is her chance for independence. Only shes not prepared for that dusty feeling clinging to her skin when her life starts spinning out of control. So why is she suddenly finding comfort in the country-boy crush, Rager Sweet, who stole her heart ten years ago? In the public eye, the glory is high, and defeat, its low. When Arie least expects it, shes left with her wild-hearted ways and the decisions shes made.
