

## Romancing Lorelei: A Plus Size Heroine Romance (Oak Hollow Book 2)

She doesn't believe in love...He fell in love at first sight. When Lorelei Graham is invited to a medieval reenactment, she doesn't expect to meet a man that will make her throw all of her rigid dating rules and common sense right out the window. But the moment she lays eyes on sexy Kaden McAllister, that is exactly what happens. Costumes, wine, and a candlelit tent bring to life fantasies she never knew she had, at least until morning dawns... The moment he laid eyes on her, Kaden knew there was something special about Lorelei. After spending one incredible night with her, he knew he wanted her in his life. But the next morning she was gone, without even giving him her last name. When he finally finds her can he convince her there can be much more between them than sex? Lorelei isn't interested in falling in love with anyone, ever. Yet, she can't deny that something deeper lurks beneath the intense sexual attraction that sizzles between them. She agrees to get to know him, but can she put her past behind her? Or will her inability to trust push away the only man she's ever loved?
