

Not A Princess But A Queen (Kaitlyns Secrets Book 3)

Nothing is more important than family. Kaitlyn Hartfield is a busy mom, a loving wife and a dedicated teacher. Just as she discovers that her teen daughter is addicted to cutting herself, Kaitlyn receives devastating news. Now, she needs to be in three places at once and she must make difficult decisions in order to help the people who need it the most. Though her own spirit suffers from the emotional rollercoaster of being a good daughter, a good wife and a good mother, she takes on more burdens. And when everyone needs her at once, Kaitlyn's inner strength is tested. Unable to even lean on her husband, who must now travel more often for his job, Kaitlyn is nearly at the limit of her endurance. God has comfort, guidance and answers for her. But will Kaitlyn even have time to think about the Bible verses that she learned at her father's knee? **NOT A PRINCESS BUT A QUEEN** is the third book in the bestselling Kaitlyns Secrets series by acclaimed young adult author, Elaine Babich. ****Acclaim for the novels of Elaine Babich**** This series, about a young woman's failures, triumphs, and courage, and her purposeful journey to happiness, culminates in one of the most poignant, realistic books that I have ever read about a tragic life healed and made whole, all due to the power of love. You will never forget Kaitlyn, and her courage, tenacity, and unconditional love for her family. This is not just a novel, it is a life-changing book for young women about choosing your life path, the one that you ache for in your most secret dreams. Eve Paludan, author of *Witchy Business*, *Heartbreaking* and *Touching*. A powerful story of a teenager's struggle with anorexia, told in a straight forward and powerful way, without talking down to the reader and without being overly sentimental. *You Never Called Me Princess* is an honest look at what could happen when a young girl decides to lose weight at all costs. Should

be mandatory reading for any parent who suspects their child might have an eating disorder. I believe the novel will show the reader that there are answers to their problems, and that they are not alone. Highly recommended. An important novel.

J.R. Rain, author of Moon Dance An intriguing debut and an excellent read. Gripping and touching, a story written from the heart. Elaine Babich has fashioned a story that many young girls could relate to. In the end we are left with a poignant glimpse into the beauty of family and the love of life and the wonder that connects us all. Summer Lee, author of Angel Heart Elaine Babich has created such a vivid tale of teenage angst and redemption one that will stay with me for a long time. Aiden James, author of Reign of Coins
