

Art Of The Motorcycle 2004 Wall Calendar

Fantasy, romance, rebellion, danger, and freedom--the motorcycle has come to symbolize all these things over its 130-year-long history--but never before has it been presented as the pure art form it is here. Accompanies the Guggenheims groundbreaking exhibition the Art of the Motorcycle, now permanently installed in a special space designed by Frank Gehry in the new Guggenheim Las Vegas. The show has toured around the world since the spring of 1999. Showcases twelve motorcycles chosen for strikingly innovative design and impressive technical achievement. Spans the history of this alluring vehicle to the cutting-edge prototypes that will define the motorcycle in the twenty-first century.
