

Fade to Black

The day Kate Callahan steps through the doors of KHB as their newest reporter and meets photographer Rich Spencer her world is turned upside down. There is something about the way he caresses her with his eyes, speaks to her without saying a word, and lights her skin aflame with a simple touch that makes her rethink everything shes ever known. She finds herself faced with an impossible choice, which becomes excruciating when fate steps in and makes the decision for her. Walking along a mountain of heartache and regret, Kate struggles to find a world where love does conquer all.
