

## The Vampires Favorite (The Vampyr Series Book 2)

Jason Belmont used to be a typical athlete. Tall, strong, and disciplined, he was the epitome of a college basketball star, and had the sexual appetite to match. Until he met Eric Logan. Overnight, Jason found himself immersed in a dark, dangerous world, a world where he found the kind of love he never dreamed of having, and the worst heartache he would ever live through. Months later, Jason returns to his family's home in Crookston, Minnesota, to heal after a crippling blow bound him to a wheelchair. There, he and Eric are captured by the vicious vampire Oriana, whose plans for reuniting her former mistress territory have more of an impact on Jason's life than even he knows, plans that could destroy his family if Jason can't find a way to regain his strength and crush Oriana once and for all. Authors Note: Like all stories set in the World of the Vampyr, *The Vampires Favorite* contains scenes of erotic romance between single and multiple partners, both male and female, is a dark fantasy (i.e. horror with supernatural elements), and is not intended for readers under the local legal age.
