

## Green Eyes

My name is Alexis Michaels and my life is pretty lonely. Dont feel sorry for me, Ive made it that way. Ten years ago my family did things to lose my trust and stomped all over my love. If I never see any of them again itll be too soon. Bitterness and betrayal make me a very angry girl. Five years ago I made a horrible mistake when I fell in love with the wrong man. I also got pregnant and had the most beautiful baby girl in the world. Im terrified every day that my actions could come back to haunt me and shell have to pay the price. Now Im on the set of the first movie Ill have filmed since I got pregnant. My leading man is a sexy asshole named Ryan Danse. Our chemistry is out of this world. Were sure to make movie gold. The Australian actor makes me feel things I dont want to feel. Ive closed my heart off from the world and I refuse to open it ever again. That only leads to ultimate heartbreak. Ryans connected though, connected to my family. I just know if I open my heart to him, Ill have to let them in as well. Its hard to keep myself closed off from him when he looks at me with those intense blue eyes. Maybe Im too hard, maybe Im just a bitch, but forgiving a decade-old hurt Ive left open, bleeding and infected, isnt something Im willing to do just because I love the way his hands feel on my body or the way he calls me green eyes. I find myself wanting to tell him my secrets. I crave the touch of his hands. I long for his eyes to fall upon me and all that other mushy crap. Im so obsessed I might do just about anything to have the love of this man.
