

Sheltered (The Carlin Series Book 5)

Abuse wears many faces - some subtle, some violent, but all dangerous and destructive. Kelsey Green has been through hell. She is starting over with the help of her friends Jamie and Tess, and together they begin work on a meaningful community project that draws many other friends from Carlin together. But Kelsey's worst nightmare is waiting, watching. He will stop at nothing to destroy not only Kelsey, but all those she loves... Sheltered is the fifth and final book in The Carlin Series.
