

Lance Tucker is a force to be reckoned with. Hollywood elite hire him to handle their dirty work. Having spent years in the Special Forces, he has made a name for himself. If your lead actress disappears, he finds her. Got drug problems, death threats, he erases them. Dirty work that would make any grown man cringe, means nothing to Tuck. With his network of contacts, hes able to keep things on the down low, assuring none of what you need hits the papers. But has Tuck met his match in Lianna Landry? Lianna, a beauty since childhood, caught Hollywoods eyes and hearts as a child. Growing up in glittery Hollywood, she did what a lot of child actors do, she fell down a path of destruction and drugs. Shes in and out of rehab and trouble, until a movie producer gives her a last chance at redemption. After disappearing from set, Tuck is sent to find her. But, when he does, shes gotten herself in way over their heads. Can Tuck save Lianna from a certain death or worse at the hands of Akio Hokkaido? Can they fight their attraction long enough to stay alive? \*\*This book was previously title Tucked In. The book has had major rewrites that affect the story. It is basically a new story.
