

## More Than Candy Corn (The Maple Leaf Series)

A Halloween Maple Leaf Series Novella Sienna Faye makes her living designing toys for her fathers Boston company, Faye Toys. Working for her father brings many pressures, some in the form of a video gaming heir he wants her to marry because it would be good for business. Attending Super Con in St. Martin right before Halloween is just the escape she needs to hide and avoid telling her father she wont use marriage as a merger. The conference also gives her an excuse to have some fun in a fairy costume. Max Devon writes and illustrates graphic novels for his rabid teen readers. He loves his work, but every woman hes been with so far has trashed his career, telling him hell never grow up if he always surrounds himself with superhero figurines and other nonsense. They just dont understand where inspiration comes from. Super Con is his chance to take a break from women or, if he takes his brothers advice, it could be a place to just get laid, no strings attached. When Sienna stops at Maxs booth at Super Con, the connection is instant. But if Sienna brings Max home, her father will flip. If Max lets Sienna into his heart, she could stomp all over it. Is a magical time in St. Martin enough to change everything for them both? The Maple Leaf Series: More Than Pancakes - FREE! More Than Cookies More Than Rum More Than Pizza More Than Candy Corn
