

Our Chance (Volume 2)

Nell Presley believes that no good can come from love. Her grandparents screwed it up, her parents screwed it up, so why would it be any different for her? She would rather keep it casual and protect herself. Damon Masters was happy with casual through university but his feelings for Nell develop and he now wants more. With the aid of Nells best friend, Chloe, Damon sets out to smash down the wall Nells built around her heart and show her that not all love is doomed to end in disaster. But is Nell be strong enough to let someone in or will Damon end up getting his heart crushed?
