

Do arranged marriages still happen? For Lindsey Buchanan, yes. Everything was kept in her husbands name, giving him full control of all they owned. And upon his death-bed, he exposed his plan for his familys future. Lindsey has two months to marry Keaton Durham, a man willing to win her heart, or shell lose her trusts and home to a charity. Determined to make it on her own, Lindsey rejects the idea immediately. But when a drug-addicted family member threatens her children for the sake of money, the young widows left with little choice but to turn to Keaton. His steadfast devotion and love for her children weaken her defenses. As she struggles to calm the romantic notions of her heart, suspense builds when drug paraphernalia is found planted in her van. Keaton vows to protect them but even love cant defy logic–no one can be there all of the time. This christian contemporary novel was written not only to entertain, but to build ones confidence after living under emotional abuse.
