

Lilys Mistake: The Bundle (Lilys Mistake, Loving Drake, Loving Lily)

Lilys Mistake (A New York Times Best Seller): Lily Alexander was always in love with Drake Tatum before she even knew what love meant. One fated night during one of their family vacations, Lily gave her virginity to Drake. After that magical night, Drake and Lily avoided each other successfully for eight years. Upon their parents meddling, the two suddenly had to face each other working side by side. Sparks fly. Eyes devouring each other. The sudden impact of being in each others orbit was electrifying. Drake wants to consume Lily almost immediately. But to what extent? Will Lily surrender again to the man who once broke her heart? Loving Drake: Balancing married life and running a business could be beyond tiresome, but Lily was bent on making both sides of her life thriving and happy, and she did. For a while anyway. Perfect life. Perfect husband. Could we really have it all? Loving Lily: After reuniting with Lily, I had no doubt in my mind that she was the one for me. But like all marriages everyone gets tested. Add a dozen more problems coming from all directions it could get extremely tricky. Does a man really have a limit when it came to the woman he vowed to love for the rest of his life? There was one thing I learned that marriage was a sacred test. A test of will. A test of time.
