

Finding Happy (Happy Montana Book 1)

Twenty three year old Breezy Lockhardt Vinchellie skipped right over the falling in love stage of dating, and right into a marriage that she was not prepared for. Like many women, its easier to avoid disagreements and just do. So thats what Breezy did, and she did it well. She raised two wonderful children, always putting the needs of her family ahead of her own. It was what was easiest and it was also what was expected. Twenty years later has Breezy finally found happiness? Her life is simpler, her job is rewarding, her daughters are enjoying college life, and her husband is more attentive to her than ever before. Life is good; until Breezy discovers a well-kept secret that turns her world upside down. Her life is in shambles until two gorgeous, sexy brothers reawaken the passionate and resilient women Breezy once was. This is the first novel in the Happy, Montana series. I hope you fall in love with all the characters of this small rural town, starting with Toby and Tank OBrian, brothers who could not be more different, except they may want the same woman. This book has it all: adventure, heartache, hope, angst, love, and sizzling passion.
