

My Angel, My Light As Darkness Falls

A paranormal Regency romance with ghosts and vampires. At the mercy of the darkness which terrifies her, Pru is alone except for 40,000 dead bodies. She starts screaming with no hope as the black starts to consume her. Suddenly warm strong arms embrace her and she is sheltered from the horror all around. She sleeps until the arms leave her once again alone in the dark and her screaming starts again. Luckily the dawn is coming and she has not lost her mind entirely before the first burst of light softens the dark. Then the horrors must leave as the day chases them away.
