

Love on the Rocks

When Sara attempts to save her daughter, she may also be escaping a fate worse than an abusive boyfriend she may be running away from true love. The big question is: Which man will find her first? Sara Compton, normally strong, independent, and fun-loving, is deeply distressed at having to abandon her baby, but she has neither money nor home and is hiding from an abusive and obsessive ex-boyfriend. The only way to keep her child safe is to give her up. Anthony Jacobs has sworn off women due to a previous relationship gone sour. He finds the child, takes her home, and arranges care for her. When he places a public call for a nanny and a lovely woman arrives who seems to have a rapport with the abandoned baby, he hires her on the spot. Sara is fraught with guilt and tension at the possibility of being found out. What will Anthony think of her if he finds out the truth? To add to her worries, trouble arises in the form of Sara's ex-boyfriend, who appears on the scene with custody papers in hand. She makes a hasty escape, her daughter in tow, but in the process of avoiding the evil Elliot Saunders, is she leaving behind her one true love?
