

All three books in the Never Over You series together in one book ... PLUS Bonus Scenes!
_____ Bring Me You (Book 1): Pro quarterback, Ethan Christopher thought he had found his home when he met rock musician, Mia Devereux. She was the welcomed distraction in his football-focused life. Things may not have been perfect. Their individual careers made being together difficult. Her touring. His away schedule. As her success grew, they spent more extended periods apart. But at the end of the day, he knew he wanted to spend the rest of his life with her. Only her. When Mia met Ethan, she felt a connection unlike any she'd ever felt. She gave him more of herself than she thought was even possible. But she knew it wasn't enough. There was a lot she didn't share, couldn't give him. An event two decades in her past made sure of that. Those demons that she'd so carefully tucked away wanted out. As Mia struggled with the stress of touring and being apart from Ethan, her defenses weakened, allowing the demons to fight their way to the surface, leaving her in a vulnerable place. A place where bad choices were made. Choices that both of them will regret. Can Mia and Ethans love survive her past? Or will it fall apart under the weight of her choices? Still Into You (Book 2): What happens when you continually run from your demons? When Mia watched Ethan walk out of her life, she did what she did best—she ran—ran from the only person who ever made her feel safe; home. They work even harder to try and find you. He was her everything and she let him slip away. And when they do ... they'll come at you full force, guns blazing. Hitting rock bottom forced Mia to stop. Now she needed to dig herself out. Figuring out how to do that required help, maybe a plan. She had to face those demons. Not an easy task when she spent her entire life running from them. Would Ethan still be there for Mia after all was said and done? Or would she find that he had moved on? Or would he still be into her? Never Over You (Book 3): Strange how life deals the cards sometimes ... Life was perfect for Mia Devereux. "You can always have me, Mia. I'm always yours. Forever, suga." She had everything she always wanted. But maybe life wasn't so perfect after all. One event threatens her happily ever after. Will Mia revert to her old ways of dealing with her pain? Or will she fight? Or will the hurt simply be too much to handle? Can she get past the pain and recapture the life she so desperately wanted?
