

The first four books in the series that readers say they like as much as...Stephanie Plum, but be warned! They are also juicier! Get the first four books in the Nicki Sosebee series in one neat bundle. If you like Jade C. Jamisons BULLET, you'll love the Nicki Sosebee series. Nicki is a kick ass heroine who fears no one and nothing and speaks her mind, no matter the cost. GOT THE LIFE (Book 1) Nicki Sosebee wants her first headline, but she doesn't want it to read "Reporter found dead." Since leaving school years earlier, Nicki Sosebee has long since given up on the notion of The American Dream, but that doesn't mean she doesn't still have dreams of her own. She realized early on that her college degree isn't worth the paper it's printed on, but she also knows that she doesn't want to work for minimum wage the rest of her life. She wants MORE. To get there, she's been learning the ropes as a novice reporter for her hometown newspaper, but it doesn't take her long to find out that her naivete is not doing her any favors. That's where her best friend Sean Ramsey comes in. He gives her advice when her instincts steer her wrong and he supports her when she needs it. Oh...and he's HOT. She's had it bad for Sean, ever since The Night eight years ago, the one time they hooked up and had the time of their lives, but she ruined it when she accidentally called him her ex-boyfriend's name in the heat of passion. And they've been friends only—and hands off—ever since. Nicki's currently investigating a story that she thinks might result in her first headline. One of Winchester's bad boys has been locked up for arson, but as Nicki digs deeper, she finds it's not just a case of trying to set fire to a house...and between being seduced by a bad ass biker and potentially getting caught by the bad guys before she can write that headline, Nicki starts to wonder if she's really GOT THE LIFE. DEAD (Book 2) Nicki's love life might suck, but her sex life is great. The only way both could be spectacular would be if her best friend Sean would look at her as more than just a friend. Nicki knows she's stuck in the friend zone, so she focuses her energies on her job. She's becoming a better reporter every day, so when her editor asks her to interview a local politician, Nicki is thrilled. But when the politician's secretary ends up dead, it's anybody's guess as to who did it. Nicki has a few ideas, though, and finds herself in deep trouble as she pokes her nose where she thinks it belongs. NO PLACE TO HIDE (Book 3) The Winchester Tribune publishes an article warning the women of Winchester that there is a sexual predator on the loose in the streets of the town they once thought was safe. Danger doesn't stop Nicki, though, and it's not till it's too late that she discovers the criminal in the place she least suspects. And there's no one who can save her this time. Meanwhile, she decides that her new love interest Jesse might be worth more of her time...but he's not making it easy. RIGHT NOW (Book 4) Nicki is becoming a better reporter, so much so that her boss Neal leans on her more and more to get the good stuff. So when a rash of robberies hits the downtown Winchester area, Nicki is reporting the damage...and probably getting a little too close for the bad guys' comfort. As if that weren't enough, Nicki finds herself in a full-fledged love triangle between Jesse and Sean...and she can't bear to choose between them. Discover what other Jade C. Jamison fans have been buzzing about! Nicki Sosebee Foursome sees Nicki reporting on more crime than her little town is accustomed to--arson, murder, rape, theft, to name a few--all while juggling her crazy love life. Warning: Not for the faint of heart! This book contains explicit sex and naughty language. Proceed with caution...if you dare.
