

## Out of the Ashes (Marked as His Book 1)

When the life she always known turned to ashes around her, it's up to her to find happiness in the embers. Felicity was born into wealth and privilege, married to a handsome, successful man, and mother of a beautiful baby girl. Her life should have been the stuff of daydreams instead of a nightmare. When she decides to leave it all behind, her biggest hope was just to be able to survive on her own, making a good life for her and her daughter. She never thought she'd meet a tall tattooed stranger who would teach her that daydreams can come true. Dax was a self-made man, he pulled himself and his family out from the dangerous underbelly of society and opened his own tattoo studio where he and his siblings work. His entire focus in life is just providing for those he loves, making sure they never have to repeat the pasts that still haunt them. He never imagined himself falling in love...that is until one mysterious woman crosses his path and changes his life forever. This book is the first in a series of stand-alone novels, none of which will end with a cliffhanger.
