Passive Income On-Line: A step by step approach into the seven simplest on-line business models If you are completely new to the concept of passive income and how to start making passive income for yourself, Passive Income On Line - A step by step approach into the seven simplest on-line business models is an easy to use guide to teach you all the basics of passive income and on the seven different business models that will enable you to start creating passive income for yourself. Millions of people are trading their precious time for a paycheck at the end of the week, and end up being frustrated by not having any financial freedom for themselves. Financial freedom is something that we all desire, but only about 10% of the world actually end up achieving financial freedom. This is due to a lot of factors: FEAR, LACK OF ACTION or A LACK OF STRATEGY. Most people dream about being financially free and earning passive income whilst they sleep or travel the world, but are unable to do anything because they are just too afraid to start learning about passive income and believe that they are doomed for the rest of their lives to slog in an office for 8 hours in exchange for a paycheck at the end of the month. The truth is that you will never achieve financial freedom unless you start making passive income and have your money work for you. This book goes into seven different on-line business

models that will teach you how to make passive income on-line. It will tell you what each business model is about and how it will help generate passive income for yourself.
