

## Say You Love Me

There are some guys you just cant forget. There are some girls that catch your eye. There are some guys you just cant say no to. Cody Brookstone. Hes my best friends brother. Ive known him for years. Fancied him for what seems like forever. And of course, hes never noticed me. Ive always been his sister Milas annoying friend, but Im about to change that. Mila came up with a plan for me to snag him. Im going to make him mine. One way or another. The plan is fail proof. Well, not really. There are plenty of things that can go wrong. Plenty of ways that my own heart will get broken. But whats the path to true love without some risk? There are some girls you cant get out of your mind. There are some guys that can break your heart. There are some girls that make you rethink everything. Sally Johnson. My sisters best friend. Sweet, funny, always there. Shes got one of those smiles that makes you happy and a body that goes on for days, if you know what I mean. Shes crept into my life making me feel things I dont understand. I cant give her what she wants. Even if I love giving her what she needs. Or rather what I need. I didnt expect everything to go crazy. I didnt expect for everything to get out of hand. Now Ive gone and got myself in a mess that I dont understand and I cant fix easily. Sallys the one girl thats got me thinking that maybe, just maybe, I dont know it all. Say You Love Me is a standalone book by New York Times Bestselling Author J. S. Cooper.
