

Black Moon: An Alpha Pack Novel

A group of former Navy SEALs, the Alpha Pack is a top-secret team of wolf shifters with Psy powers combating the greatest dangers in the world. But sometime those dangers are more intimate than they bargained for... Ever since he saved Dr. Mackenzie Grants life, panther shifter and sorcerer Kalen Black has had trouble keeping the beautiful doctor out of his thoughts, and his heart. The brush with death awakened an intense passion between them--one that for the first time had the notorious loner letting down his guard. With the Alpha Pack battling an evil Fae who is slowly gaining control over Kalens mind, Kalen can no longer trust his own actions, and he breaks off his affair with Mackenzie in order to keep her safe. But when Mackenzie learns that she is carrying Kalens child, no amount of danger will keep her away from the man she loves. To be with his mate and unborn child, Kalen will have to unleash the full fury of his power, and risk destroying them all...
