

My Best Friends Billionaire Brother (Billionaire Romance)

Full novella- No cliffhanger! Going to her best friends wedding was bittersweet. Rachel was happy to see her closest companion taking the next step in life, but deep down she was envious of the love that Sam and Franco shared. She had always thought that they'd get married at the same time, but no one could ever hold her interest long enough... Except for him. Her best friend's sexy brother, and the one man that was totally off-limits. Not only was he a billionaire who had women falling head-over-heels for him daily, Sam would never approve of her closest friend dating a member of the family. She had no choice but to keep her feelings a secret or risk ruining their friendship. But there was something in his emerald eyes, the way they pierced into her during the wedding ceremony, the way they lingered a little too long. Was he trying to tell her something? Would it be wrong to have just one... little... taste?
