But this time, its no mistake. Plans go hilariously awry when mild-mannered Audrey Thompson dresses as Ava, her flamboyant but cowardly twin, in order to break up with Avas fiance, Zach Banister. However, as Audrey pretends to be Ava--which means stuffing her bra and tottering around in borrowed stilettos--she cant help falling for Zach herself. Little does she know he has his own agenda, one that involves a seduction she cant refuse.

Authors Note: All of the Red Stilettos books are stand-alone romances, with no cliffhangers. Each one has a new couple and story arc, but for even more enjoyment, read them in order. Characters from each book carry forward to the next.
