

Liam: #3 (Allen Securities)

Meg Allen traveled to London to learn new skills for her brother's security firm and try to bury her feelings for a certain sexy co-worker, Liam. A summer away in London hasn't cooled the flames of passion. Equipped with a defiant attitude and a new hairdo, she has to face the man she's pined after while also dealing with an unknown enemy targeting her home. Liam Grant is still coming to terms with his deepened and shocking connections to the Irish mob. He has to make a choice of either his blood family or the Allen family and his career at their security firm. With Meg threatened, he pushes aside his own concerns to focus on the investigation. Though he tells himself that his family connections are just another danger to Meg, his passion risks burning away his objectivity and could blind him to the truth of who is actually targeting the woman he desires.
