

Uptown Vampire

Vanna is given the choice between true love and eternal life. Vanna has prepared her entire life to become a vampire. It is her destiny. Red-headed, constantly laughing, Russ is not her destiny. Although he claims to be a vampire, he's clearly human, and she shouldn't be attracted to him. She certainly shouldn't love him. Russ is a vampire. He's also a romantic fool. He wants Vanna to love him for who he is and not merely for his paranormal powers. He is content to slowly seduce her with sizzling backroom sex and woo her with his questionable knowledge of all things undead. Russ is about to discover he isn't the only vampire in the big city.
