

This story follows one entrepreneur's trials and tribulations—from banging his head against a wall, to blowing the top off his business. Learn from his mistakes and grow from his insights. This is Cam McCarroll's One Last Talk. ONE LAST TALK BOOKS We live in a world that works tirelessly to assimilate us to be “normal”. This collective pressure has the ability to dampen our spirit and give up the dreams we have in our souls in search of what we are told is success and happiness. We often find ourselves chasing the things we think will make us happy and when we get there, feeling an eery emptiness. The real life story in this book will inspire you to find the courage and clarity within to take back your life and challenge the very essence of the things you think will make you happy. Stop living the life others want for you and begin the quest for meaning in every area of your life. If you feel you are settling in life and wonder if there is more, then this book is a good place to start.
