

# Abducted by Aliens: A Sci-fi Alien Warrior Invasion Abduction Romance

Someone is abducting human women from a rough neighborhood, and when Officer Carmen Herrera shows up to investigate, her confrontation with the locals turns into a battle of wills. Just as Carmen prepares to withdraw, a blinding flash of light transports her and three other women into a locked box with no windows. It whisks them away to a distant world of treachery and danger. They've been abducted by aliens who plan to sell them to the highest bidder at an intergalactic marketplace. Despite her best efforts to help her friends escape, Carmen can't fight back against the aliens' supernatural power, until she finds herself stranded on a distant planet with no way back to Earth. Can Carmen and her friends overcome insurmountable odds to find hope and fulfillment in the depths of space? **WARNING:** This book contains mature themes. Only for the adult eyes! 18+
