

Severed Stone (Souls Of The Stones Book 4)

See how it all started in the first prequel of Souls of the Stones. Immortality is my prison. I broke the bonds of brotherhood because I once loved a girl whose hand was not as available as her heart. Cursed by the gods, I watch countless generations live with the consequences of my transgression. Even with the gift of foresight, I cannot say I would be strong enough to turn away if given the opportunity. And were she cursed to watch the destruction unfold by my immortal side, I would without a doubt make the same fated choices. But Tomorrow is a cruel mistress, and the first death I witnessed as part of my damnation was that of my beloved. -Fidwen Roth

Their story should have been a fairytale, but someone is playing a dangerous game that can only end in heartbreak. When Ciorstan awakes alone in a field, far from home and more than a little confused, it won't be the strangest thing to happen that day. Ignoring both her intuition and a mysterious but handsome stranger's warning, she allows a dashing prince to take her home to his palace. Agreeing to marry the prince was her second mistake. Her next one will rip an entire kingdom apart. Sometimes, true love can be a tragedy with devastating consequences. SEVERED STONE is a prequel novella, 155 pages in length and can be read at any point during the Souls of the Stones series.
