

He was blazingly handsome—big blue eyes in a boyish face, shaved head, a thick moustache and beard of dirty blond hair... biceps that were cut, stretching against the thin white cotton of the short-sleeved shirt underneath his vest... From what I can tell, Ghost is one of the most ruthless members of the Black Dogs MC. He seems to take a certain pleasure in violence and mayhem, and he has a wit that is just as sharp as any of the blades he carries. He's also about as arrogant and infuriating as any man I've ever met, and has women fawning all over him wherever he goes. But for some reason, he seems to think that I'm his soulmate. He calls me his Valkyrie, and he shows up, unbidden, at the most inopportune times. Like when I'm trying to teach my class full of private school kids. I told myself I'd never fall for someone like him again, but there's just something that I find hard to resist... and it's not just all the muscles, tattoos, and how everything that comes out of his mouth seems designed to amuse someone, even if it's just himself. Getting mixed up with him is crazy, and I should know better. Especially once trouble starts brewing all around us. The thing is, even though Ghost is the most dangerous man I've ever met, I've never felt safer than when I'm in his arms... Note: This is a stand-alone romance novel with an HEA ending. It contains sex and violence and is intended for adults only. This copy also contains 2 bonus novels as a special bonus for my loyal readers.
