

Simon: Rockstar Romance (The ProVokaTiv Series Book 3)

Simon Jefferson is more than just the delicious drummer for world-famous rock band ProVokaTiv. With a net worth of \$500 million, his obsession with business shows no signs of stopping. So when beautiful, blond-haired Jessie Martineau asks him for help with her humanitarian cause, he sees a chance to build his new record label through a charity concert in Africa. He just didn't expect Jessie to challenge every business decision he makes, every dollar he spends, or the mask he's built to protect himself. After years of hard work, Jessie Martineau is shocked when her master's thesis is rejected. To prove her professors wrong, she's determined to make a difference and help eradicate Ebola in Africa. With help from Simon and his star power, her goals are finally within reach. She may not agree with his impersonal approach, but she can't help being distracted by his piercing blue eyes and hot body. As she fights to keep the focus on the humanitarian side of the concert, Simon tempts her at every turn. Jessie can't deny her attraction to the drummer, but as their sexual tension boils over, Simon will have to learn to look beyond his bottom line. If she can't convince him there's more to life than profit, she'll have proven her professors right and lost Simon forever.
